Jayanagara MLA Help Line 9241669999

Calling all youths of Jayanagar Constituency interested in helping make a change in society to visit my Jayanagara MLA Office and volunteer. There are various programs & plenty of great opportunities for young aspiring activists to engage themselves in meaningful public service.

At a time like this when our state & central governments are teeming with corruption & democracy is threatened, when the people in power are more interested in serving themselves rather than those of the people, it is the youth that can make all the difference. The youth can play a vital role in speaking out for justice, work for the betterment of society and ensure a better future.
